

**APPENDIX V**

| <b>LAND TREATMENT – CONSERVATION BUFFERS</b> |                               |                      |                     |  |                                |
|--|-------------------------------|----------------------|---------------------|--|--------------------------------|
|  | Contour Buffer Strips (acres) | Field Borders (feet) | Filter Strip (feet) | Streambank / Shoreline Protection (feet) | Riparian Forest Buffer (acres) |
| FY 2002                                      | 9                             | 3000                 | 7                   | 20416                                    | 8                              |
| FY 2003                                      | 9                             | 22800                | 7                   | 7900                                     | 41                             |
| FY 2005                                      |                               |                      | 6                   | 900                                      | 15                             |
| FY 2006                                      |                               | 7020                 | 4                   | 2095                                     |                                |

**Table A5-1a. Land Treatment Conservation Practices (Conservation Buffers), in Partnership with NRCS in the Tennessee Portion of the Nolichucky River Watershed.** Data are from Performance & Results Measurement System (PRMS) for each fiscal year reporting period (October 1 through September 30) from 2002 to 2006.

| <b>EROSION CONTROL</b> |                             |  |
|------------------------|-----------------------------|--|
|                        | Est. soil saved (tons/year) | Land Treated with erosion control measures (acres) |
| FY 2002                | 32663                       | 2486   |
| FY 2003                | 39702                       | 3948   |

**Table A5-1b. Erosion Control Conservation Practices, in Partnership with NRCS in the Tennessee Portion of the Nolichucky River Watershed.** Data are from Performance & Results Measurement System (PRMS) for each fiscal year reporting period (October 1 through September 30) from 2002 to 2006.

| <b>IRRIGATION MANAGEMENT</b> |                                    |                                  |
|------------------------------|------------------------------------|----------------------------------|
|                              | Est. Water Conserved (acre inches) | Irrigation Mgmt. Systems (acres) |
| FY 2002                      |                                    | 14                               |
| FY 2003                      | 2500                               | 350                              |

**Table A5-1c. Irrigation Management Conservation Practices in Partnership with NRCS in the Tennessee Portion of the Nolichucky River Watershed.** Data are from Performance & Results Measurement System (PRMS) for each fiscal year reporting period (October 1 through September 30) from 2002 to 2006.

| <b>NUTRIENT MANAGEMENT</b> |                                   |  |                       |
|----------------------------|-----------------------------------|--|-----------------------|
|                            | AFO Nutrient Mgmt Applied (acres) | Non-AFO Nutrient Mgmt. Applied (acres) | Total Applied (acres) |
| FY 2002                    | 1858                              | 2665                                   | 4523                  |
| FY 2003                    | 348                               | 4182                                   | 4530                  |
| FY 2004                    | 415                               |  | 415                   |
| FY 2005                    | 5644                              |  | 5644                  |
| FY 2006                    | 5478                              |  | 5478                  |

**Table A5-1d. Nutrient Management Conservation Practices in Partnership with NRCS in the Tennessee Portion of the Nolichucky River Watershed.** Data are from Performance & Results Measurement System (PRMS) for each fiscal year reporting period (October 1 through September 30) from 2002 to 2006.

| <b>PEST MANAGEMENT</b> |                            |
|------------------------|----------------------------|
|                        | Pest Mgmt. Systems (acres) |
| FY 2002                | 4542                       |
| FY 2003                | 5244                       |
| FY 2004                | 415                        |
| FY 2005                | 5834                       |
| FY 2006                | 5453                       |

**Table A5-1e. Pest Management Conservation Practices in Partnership with NRCS in the Tennessee Portion of the Nolichucky River Watershed.** Data are from Performance & Results Measurement System (PRMS) for each fiscal year reporting period (October 1 through September 30) from 2002 to 2006.

| <b>GRAZING/FORAGES</b> |                            |                |                                   |                                  |
|------------------------|----------------------------|----------------|-----------------------------------|----------------------------------|
|                        | Prescribed Grazing (acres) | Fencing (feet) | Heavy Use Area Protection (acres) | Pasture and Hay Planting (acres) |
| FY 2002                | 3271                       |                |                                   |                                  |
| FY 2003                | 2810                       |                |                                   |                                  |
